

CORPORATE MEMBERSHIP

Corporate membership is extended to corporations who support OBAP's *Mission & Goals* "to enhance, advance, and promote educational opportunities in aviation and mentor our youth". The objectives of OBAP's corporate membership program are to facilitate a stronger linkage between OBAP and our programs and our Corporate Sponsors. We welcome Corporations that embrace values that encourage workforce diversity and the education of minority youth to prepare them for entry into the aviation industry. We strongly encourage you to consider this most beneficial program. Each corporate member can appoint one person to serve as its Associate member. Corporate membership dues are \$1,000 annually.

Corporate Membership includes:

- Five associate memberships for assignment to key employees within your organization.
- Newsletters (PIREP News), electronic messaging (newsflash@obap.org, info@obap.org and jobs@obap.org) sent to your official representative for corporate membership.
- Opportunity to participate as an associate board member on the OBAP Board of Directors. (Note: A corporate membership representative has been specifically designated a seat on the OBAP Board of Directors).
- Assignment of an OBAP member to facilitate communications with OBAP.
- Equivalent of one to two pages of printable/downloadable information on the OBAP website providing information on your organization.
- An active hyperlink to the page of your choice on your organization's website from the OBAP website.
- Access to the OBAP job referral network in the OBAP website.
- Authorization to use the OBAP website as an authoritative guidance tool and referral source to further support your corporate HR programs.
- Use of the OBAP logo in promoting diversity programming, ACE Camps, and promotional material (*the OBAP Board of Directors*).

Why should your corporation join OBAP?

1. Your corporation wants to be identified with having an impact on diversity in the future of aviation.
2. Your corporation wants to benefit from the knowledge of and make contacts with professionals from academia and industry who have established networking links with OBAP.
3. Your corporation wants to influence workforce development and industry standards by networking with institutions, other corporations, government agencies and individual members regarding aviation operations, education and policy.
4. Your corporation is interested in ensuring the quality of workforce developments that prepare students for internships and job opportunities in the field of aviation and technology.
5. Your corporation wants to obtain ideas on how to improve HR programs from other educational institutions, corporations and individual members.
